MALBEC

Mundo Reves wines are the first wines produced by Quentin and Thibault. The first vintage is a malbec 2009, of which we still have very few remaining bottles. At that time, grapes from La Consulta were bought, but step by step, grapes from higher vineyards started to be acquired. Currently, these two winemakers are producing a malbec from Paraje Altamira (1,100 masl).

Since 2017, a Mundo Reves cabernet franc has been produced, also from Paraje Altamira. This is the wine from which this project, trip to Argentina and story started, ten years ago. They all age in French oak, at least partially, in order to get elegance and complexity.

Grape variety: 100% malbec

Appellation: Paraje Altamira 100%. High density and low yield vineyard (7000 plants per hectare) located at 1100 masl.

Harvest and winemaking: Harvest during the last week of March and fermentation in concrete vats, with autochthonous yeast and little extraction. The wine spends 12 months in French oak barrels (Boutes), out of which 30% are new.

Age of the vines: 20 years

Yield: 6.5 tons per ha.

First vintage: 2009
